

DHS Division of Mental Health

Mission

To maximize community supports and develop skills for persons with serious mental illness and children with serious emotional disturbance.

DHS Division of Mental Health

Vision

An efficient, effective, high-quality mental health service delivery system must be grounded in a clear vision that supports the recovery of adults with mental illnesses and promotes the resilience of children and adolescents with emotional disorders.

DHS Division of Mental Health

In Illinois, We Envision:

All children with a diagnosis of, or at risk for developing, an emotional disorder will have access to a

- family-driven
- youth-guided
- trauma-informed
- culturally and linguistically competent
- strengths-based system of care

that supports optimal physical and mental health and social and emotional wellbeing.

DHS Division of Mental Health

In Illinois, We Envision:

All adults with a diagnosis of, or at risk for developing, a mental illness will have access to a

- coordinated
- integrated
- well-funded mental health system

that promotes recovery and social inclusion through timely access to prevention, treatment, and recovery support services.
